Index to MACHINERY

A

Abbazia, Joseph E.:
Counterboring with a Twist Drill 49
Making and Checking Taper Gage 607
Abrasive Disks, Besly "Titan Steel-Bac" Bakelite 477
Abrasive Scouring Machine for Cleaning Metal.. 868
Abrasive Wheel, Blanchard Segment 153
Abrasive-wheel Cutting-off Machine, Radiac 477
Abrasives in Production Grinding 535
Abrasives, Steel 50
Acetylene Association, International:
Annual Meeting 395
Acetylene Generator, "Prest-O-Weld" Medium-pressure 634
Acetylene Generators, "Oxweld" Medium Pressure Type 155
Acids on Non-metallic Gears, Action of 694
Ackerman, E.:
Buy Results, Not Mere Materials 918
Acme Electric Welder Co.:
"Hot Spot" Welding Machines 785
Acme Steel Co.:
Steel Straps Reduce Shipping Problems 381
Adams, Fred:
Semi-automatic Indexing Fixture 347
Adams, George H., Personal of 320-A
Adams, Ogden R., Personal of 717
Adamson, Alexander, Obituary of 640-B
Advertising Expenditures 266
Advertising Manager Speaks on Editorial Publicity, An 515
Aeronautic Subjects, Prizes for Papers on 672
Age by Minor Seeking Employment, Misrepresentation of. Leslie Childs 610
Agricultural Machinery in Soviet Union, Production of 173
Air At Given Temperature and Pressure, Volume of 370
Air Chuck Designs. Charles O. Herb:
1 29
2 90
Air Compressor, see Compressor.
Aircraft Blowpipe, Oxweld 553
Air Drill Used on Assembly Line 116
"Air-Flex" Riveting and Assembling Hammer ... 545
Air for Operating Work-holding Devices, Compressed 818
Air Motor Hoist, Ingersoll-Rand 67
Air-operated Chuck for Brass Casting. B. J. Stern 42, 601
Airplane, Canadian Exploration by 55
Airplane Construction, Two Interesting Developments in 487
Airplane Cooling Fluid, New 662
Airplane Design, Latest Developments in. John F. Hardecker 641
Airplane Engine, Air-cooled Diesel 619
Airplane-engine Crankcase Boring and Tapping Machine, Bradford 541
Airplane Engine Tests, Government 656
Airplane Factory Employes, Flying School for .. 932
Airplane Height Indicator, New 695
Airplane Parts, Heat-treating Alloy Steel. C. B. Phillips 943
Airplane Propellers, Making Micarta. R. L. Knight 409
Airplanes Adopted as Standard in Great Britain, All-metal Construction for 514
Airplanes, Diesel Engines for 174
Airplanes, Production of 432
Airplanes, Quantity Production of 216
Air Reduction Sales Co.:
Davis-Bournonville "Camograph" 544
Airship, The World's Largest 622
Air Transport in The United States 497
Air Transportation, German 452
Air Transportation, Recent Developments in Air.. 941
Ajax Flexible Coupling Co.:
Flexible Coupling 711
Flexible Coupling Weighing 2000 Pounds 800
Albertson, S. M., Personal of 956
Alemite Die-Casting & Mfg. Co.:
Die-casting Alloys and How to Select Them ... 733
Alemite Mfg. Corporation:
Drive Fittings for Open Oil-holes 551
Aligning Blade for Bevel, Auxiliary. Herbert A. Freeman 527
Aligning Shaft When Cutting Intermittent Keyways. Herbert A. Freeman 608
Alignment Gage. Rowland L. Hill 376
Allen-Bradley Co.:
Starter 477
Allen, Ernest C.:
Assembling Knobs 49
Folding Crank for Portable Devices 287
Coil Spring Ratchet Drives 371
Allen, William G., Obituary of 480-A
Allis, Dexter W.:
Simple Motor Drive for Bench Lathe 49
Allowances on Used Machine Tools. Ernest F. Du Brul 282
Alloy, "Carboloy" a Remarkable New Cutting ... 214
Alloy, Improved Die-Casting 138
Alloy Metal, Composition of Y- 50, 237
Alloy Steel Machine Parts, Heat-treating. C. B. Phillips 773
Alloys and How to Select them, Die-casting 733
Alloys at Chemical Exposition, New 586
"Alta" Small Hand-saw 70
Althoff, William, Personal of 880-A
Aluminum Alloy, A New 512
Aluminum Alloy Truck Bodies 945
Aluminum in Automobiles, Use of 432
Aluminum-ingot Facing Machine, Jones 623
Aluminum Paint, Advantages of 910
Aluminum Solder Corporation of America:
"Soldalume"—An Aluminum Solder 302
Aluminum Solder, "Soldalume"—An 302
Aluminum, Tools and Methods for Machinery. R. L. Templin 557
American Association of Engineers. Clausen Medal 917
American Broach & Machine Co.:
Vertical Broaching Press 308
Horizontal Hydraulic Broaching Machine 472
Hydraulic Broaching Machine 497
American Can Co.:
Double-pawl Clutch for "Canco" Presses 633
American Foundrymen's Association, The:
Convention and Exhibit 437
Advance Notice of 1929 Convention 563
American Gear Manufacturers' Association:
Fall Meeting 217
Annual Meeting 779
Elect Officers 880
American Pulley Co.:
Work Rack for Hand Trucks 234
American Society for Steel Treating:
The National Metal Exposition 110
Western Metal Congress and Exposition 192, 382, 411
Campbell Memorial Lecture 915
American Society for Testing Materials, The:
Annual Meeting 815
American Society of Mechanical Engineers:
Machine Shop Practice Meeting 80-C, 137, 584
Regional Meeting 135
Annual Meeting 294, 360
Rochester Meeting 666, 725
Fiftieth Anniversary 815
Oil and Gas Power Meeting 880
Fall Meeting of Iron and Steel Division 935
American Welding Society, The:
Meeting 197, 715
Ames Co., B. C.:
Amplifying Comparator 316
Ames, Oliver, Obituary of 960
"Ammco" Drilling Machine Vise 634
Amos, A. G.:
Stripper for Hot-press Die 847
Anchor Points for Irregular Curves. Joseph E. Fenno 849
Anderson, C. A., Personal of 880-A
Anderson Die Machine Co.:
Slotting or Milling Spindle 554
Anderson, Dr. Robert J., Personal of 80-C
Anderson, E. C., Personal of 717
Andrews, William Symes, Obituary of 960
Angle Between Slot and Cam, Finding. Hans Goldschmidt 444
Angles with Draftsman's Semicircular Protractor, Laying Out. J. E. Clark, Jr. 569
Angular Movement for Gaging Devices. H. A. Seabright 502
Angular Surfaces and Holes, Checking Positions of. Raymond H. Danterich 924
Annealing and Soldering Furnace, Brandt 797
Annealing Pots, "Fuzon" Stainless Steel 317
Apex Machine Co.:
Floating Tool-holders 628
Apprentice, see also Education, School, Training.
Apprentice Plan, A Successful New England 135
Apprentice School System, Southern Pacific. C. W. Geiger 354
Apprentices, Shop Rules for 933
Apprenticeship Dinner, National Metal Trades ... 592
Apprenticeship in Practice, The Machine Shop. C. J. Freund 899
Apprenticeship Plan, How the Falk Corporation Trains Young Men for the Machine Shop Industry Under the Milwaukee. C. J. Freund.. 801
Apprenticeship System Successful, How to Make an 726
Arbitration, Growing Importance of Commercial.. 682
Arbitration, Handling Cancellation Claims by. John F. Hardecker 408
Arbitration in the Machinery Field, Commercial.. 732
Arbor for Pipe, Expanding. E. A. Sisson 849
Arbor for Turning Pipe, Cat-head. H. C. Kline. 609
Arc Welding, see Welding.
Arcs, Templet for Drawing. E. F. Eberhard 770
Armstrong, J. L., Personal of 956
Armstrong, Paul, Obituary of 160-B
Arthur, Charles J., Personal of 80-C
Arthur, R. S., Personal of 800-B
Articles Serve the Jobbing Shop, How Mechanical 169, 407
Assembling Ball-bearing Equipped Machinery. J. S. Beggs 455
Assembling Hammer, "Air-Flex" Riveting and... 545
Assembling, Holding Parts in Place While 929
Assembling Knobs. Ernest C. Allen 49
Assembly Line, Air Drill Used on 116
Association, A Machine Builders' 258
Association Memberships, The Value of 266
Automatic Lathe, "Lo-swing" Model U 785
Automatic Lathe of Increased Capacity, Fay 697
Automatic Machines, Ekstrom-Carlson Special... 224
Automatic Nut Thread Corporation:
"Threadnut" Nut Tapping Machine 468
Automatic Screw Machine, see also Screw Machine.
Automatic Screw Machine, Davenport Redesigned 862
Automatic Screw Machine, Pivoted Tool-holder for. Henry H. Knabe 197
Automatic Screw Machines, H. & G. Feed-pusher for 552
Automatics, Improved Pan for Gridley 863
Automobile and the Tool Engineer, The. Charles B. Ekdahl 81
Automobile Body and Fender Finishing Machine, Strand 149
Automobile Cylinder Block Bearings, Boring and Reaming 573
Automobile Design, Trends in Euronean 581
Automobile Engines in the Studebaker, Making.. 593
Automobile Headlights, A Device for Switching on 955
Automobile Industry, Expansion of 484
Automobile Industry, Prospects in the. Alfred P. Sloan, Jr. 382
Automobile Mufflers, Taylor-Winfield Butt Welder for 312
Automobile, Operations in Building the Marmon. 518
Automobile Parts, Coining 200
Automobile Plant, Portable Electric Tools in an. 907
Automobile Plant, Roller Conveyors in an 937
Automobile Production, Predict Record Year for. 112
Automobile Production, Quality—The Keynote of Present-day. Walter P. Chrysler 101
Automobile Rear-axle Shafts, Hobbing Splines... 915
Automobile Steering Columns Enameled in an Automatic Oven 136
Automobile Steering Knuckle Balls, Milling 258
Automobile with Six-wheel Drive 912
Automobiles and Trucks, Exports of 16
Automobiles, Apparatus Used for Recording the Speed of 945
Automobiles, Eighty Days from Factory Foundation to Finished 648
Automobiles, Exports of 76
Automobiles, Prizes for Earliest 109
Automobiles, Use of Aluminum in 432
Automotive Engineers, Society of:
Production Meeting 176
Aeronautical Engineering Meeting 347
Annual Meeting 421
Detroit Aeronautic Meeting 673
Summer Meeting 815
Automotive Gear Works Inc.:
Heat-treating Large Gear Rings Automatically. 55
Producing Automobile Replacement Gears 277
Automotive Maintenance Machinery Co.:
"Ammco" Drilling Machine Vise 634
"AutoStart" Grinding Machine, Improved 68
Avey Drilling Machine Co.:
Berjo Vises for Irregular Shaped Pieces 389
Aviation, The Outlook for Commercial. C. M. Keys 419
Aviators, Marking Roofs to Guide 344
Axle Bushings, Jig for Spacing Lubricating Holes in Locomotive 744
Axle Keyways, Fixtures for Laying Out Locomotive. G. N. Cagle 664
Axle Shaft, Puller for Rear. Herman Kurzweil.. 377

B

Babbitt Bearings, Lapping Bronze and. H. J. Wills 751
Babbitting Fixture for Locomotive Cross-head Gibs. William G. Thomas 275
Backing Plate for Chuck, Spring. H. Moore... 199
Backstop and Coupling, James Automatic 313
Badger, H. M.:
Cement for Water-cooled Welding Cement 610
Baer, N. S.:
The Machining of Vulcanized Fiber 451
Bakelite Abrasive Disks, Besly "Titan Steel-Bac" 477
"Bakelite Laminated" The Machining of 80
Bakelite Parts, Chromium-plated Molds for. C. R. Given 889
Bakelite Parts, Methods Used in Molding. R. A. Lowe 433
Baker Bros., Inc.:
Hydraulic-feed Horizontal Machine 307
Baker, Fred D., Personal of 636
Baker, H. A., Personal of 560
Baker, K. G., Personal of 636
Balancing Machine, "Micro-poise" Automobile-wheel 74
Balancing Rotating Units in Service. Peter Davey 532
Balancing, Weighing Locomotive Side-rods for. J. B. Irwin 276
Ball-bearing Equipped Machinery, Assembling. J. S. Beggs 455
Ball Bearing Troubles, Avoiding 738
Ball Bearing Troubles? What Causes:
1 564
2 652
3 746
Ball Bearings for Main Spindles. H. W. Holdsworth 11
Ball Bearings—Right and Wrong Way, Testing. Asher Golden 855
Balls, Turning Small Brass 182, 603
Bar Stock for Identification, Marking 171
Barrel or Drum Stand, Pollard 625
Barrett Co., Leon J.:
Centrifugal Oil Extractor, Washer and Dryer.. 543
Bases, Designing Arc-welded Machine. J. L. Brown 504
Bases, Welded Structural Steel Frames and. A. F. Davis 590
Baumis, Frank J., Personal of 398
Bausch & Lomb Optical Co.:
Seventy-fifth Anniversary 54
Optical Drill Gage 310
Bead, Expansion Die for Forming. G. Runquist. 924
Bearing, see also Ball, Roller, etc.
Bearing, A Puzzling Experience with a Step.. 529, 830
Bearing Caps, Machining Crankshaft 21
Bearing Caps, Unusual Method of Machining. Charles O. Herb 753
Bearing Constructions, Wagner Motor 145
Bearing, Cutting Relief in Long. Edward R. Johnson and Walter E. Gunnerson 121
Bearing Design, Pressure Charts for Thrust. Alfred M. Wasbauer 509
Bearing Seats, Turning Concave. E. A. Lotz... 488
Bearings, Boring and Reaming Automobile Cylinder Block 573
Bearings, Lapping Bronze and Babbitt. H. J. Wills 751
Bearings, Lubrication of Cylindrical 160
Bearings of High-lead Bronze. Donald A. Hampson 756
Bearings, Worthington Compressors Equipped with Timken 950
Beatty Machine & Mfg. Co.:
Hammond Portable Cranes 795
Beggs, J. M., Personal of 956
Beggs, J. S.:
Assembling Ball-bearing Equipped Machinery.. 455
Finding Center of Pressure of Blanking Die... 687
Behar, Captain M. F., Personal of 636
Bell, Joseph:
Shop Papers Aid Safety Campaigns 491
Prices for Repair Parts 919
Belt Dressing, Stick. H. L. Kauffman 215
Belt, Driving Two Series-connected Centrifugal Pumps with One. W. R. Ward 209
Belt Drives, "Flex-Mor" V- 713
Belt Drives, Mistakes in Laying Out. B. J. Stern 189
Belt Sander for Irregular-shaped Parts, Syracuse. 872
"Beltslacker" Drives 710
Belt Trouble was Overcome, How. R. H. Kasper 608
Belts Are Required By Line-start Motors, Wider Pulleys and 836
Belting, Standardization of Leather 174
Bench Designing. H. R. Hageman 831
Bench Machines, Stark Motor Drive for 555
Bench, Portable Work-. H. H. Henson 425
Bending Die for Radio Tube Wires. Joseph S. Pecker 937
Bending Die for Sheet-metal Part. G. Runquist. 205
Bending Dies for Accurate Work. J. J. Kauffman 43

Bending Rolls, Buffalo Vertical-type 236
Bending Steel Clips by Roiling 716
Bending Tool, Double-acting Cup. A. Eyles 823
Berg, Urls:
How Greater Efficiency May be Obtained 120
Bergers, Martin, Obituary of 560-B
Berjo Vises for Irregular Shaped Pieces 389
Besly & Co., Charles H.:
"Titan Steel-Bac" Bakelite Abrasive Disks 477
Betts-Bridgeford Roughing Lathe 541
Betz, William C.:
Furnishing Tools to Workmen 168
Bevel, Auxiliary Aligning Blade for. Herbert A. Freeman 527
Bidding, Efforts to Establish Firm 729
Bidding in The Machine Industry, Firm. F. J. Shea 769
Bignall & Keeler Machine Works:
Duplex Pipe Machine 631
Binder, J.:
First-aid Training for the Worker 349
Fire Prevention in the Factory 680
Bitting, George L., Personal of 240-A
Blackall Jr., Frederick S., Personal of 320-A, 636
Blackall Sr., F. S., Obituary of 240-A
Black & Decker Mfg. Co.:
Electric Hand Saws 788
Blades, Starrett High-speed Hacksaw 69
Blanchard Machine Co.:
Segment Abrasive Wheel 153
Segment Grinding Wheel 710
Blanchard Pulsating System for Oil Lubrication. 226
Blanking and Forming Die for Thin Diaphragm. E. A. Sisson 128
Blanking Die, Finding Center of Pressure of. J. S. Beggs 687
Blount Co., J. G.:
All-purpose Grinder 317
Blow-pipe, Oxweld Aircraft 553
Blueprint Machine, Shaw Continuous Horizontal. 316
Blueprints, Carbon Paper Under Pencil Drawing Gives Better. John Reik 91
Blueprinting Machine, Pease High-speed 955
Bunn, W.:
Chromium Plating for Wear Resistance ... 355, 430
Bode, J. C. P.:
Simple Drawing Record System 287
"Bohnalite"—A New Light Alloy 946
Bohn Aluminum & Brass Corporation:
"Bohnalite"—A New Light Alloy 946
Boilers, Davenport Back-facing Machine for Finishing Hand-holes in 466
Bolender Gear Burnishing Machine 794
Bolender Power-operated Gear-grinding Chuck ... 64
Bolt-rack for the Die Setter. E. A. Sisson 41
Bolts and Nuts, Dardelet "Threadlock" 631
Bolts Damage Machine Tables, Defective Clamping. Frank Rattek 285
Bolts That Did Not Fail, The 448
Bonander, Erik:
Dimensioning Drawings 878
Bonander, Orvar:
Geneva Motion Designed for Slight Over-travel 422
Bonney Forge & Tool Works:
"Hercules" Socket Wrench Set 155
Bonus System Increases Tool-room Output Forty Per Cent. Emil Gibian 401
Bonus Systems, Tool-room 418
Book Knowledge, Skill and. George H. Gunn .. 23
Booser, John A.:
Cutting Double Keyways in Gears 202
Locating a Shaft for Keyway Milling 843
Borer, Indexing Tables for Pratt & Whitney Jig. 390
Boring and Reaming Automobile Cylinder Block Bearings 573
Boring and Reaming Machine, Defiance Horizontal 540
Boring and Tapping Machine, Bradford Airplane-engine Crankcase 541
Boring and Turning Bars, Scully Adjustable 71
Boring-bar and Grooving Tool, A Combined. B. J. Stern 916
Boring-bars, Making Square Holes in. H. L. Wheeler 49
Boring, Drilling and Milling Machine, Giddings & Lewis Horizontal 227
Boring, Facing and Tapping Machines, Moline Radiator-loop 868
Boring Fixture for Trial Crankcases. H. W. Ricks 121
Boring Head, McCrosky Four-point 70
Boring Head for Milling Machine or Drill Press, Adjustable. Edward E. Caudle 927
Boring Head That Finishes Several Surfaces at One Time, A 907
Boring Lathe, Boye & Emmes Tube 299
Boring Machine for Tractor Cylinder Sleeves, Defiance 470
Boring Machine of Mammoth Size, Horizontal. S. Weil 654
Boring, Milling, Drilling and Tapping Machine, Defiance 702
Boring Motor-bus Brake-drums on Milling Machine, Re- 41
Boring Tool, Precision Adjustment for. Earl Fonner 503
Boring Washers for Railway Use. Chuck Used in. E. A. Lotz 426
Boston Gear Works Sales Co.:
"Microhite" Self-aligning Hangers 394
Bouton, Eugene, Personal of 320
Bowlus, Claude A.:
Arc-welding Machine 308
Bowman, H. R.:
Triangle for Drawing Parallel Lines 609
Box Crane & Hoist Corporation:
Electric Traveling Crane 474
Boye & Emmes Machine Tool Co.:
Tube Boring Lathe 299
Brackets, Die for Bending, Stamping, Cutting Off and Piercing. E. F. Eberhard 765
Brackets, Motor Drives on Column 524
Bradford, John:
Changes in Engineering Standards 757
Bradford Machine Tool Co.:
"Lowdrive" All-geared Motor-driven Lathe 301
Airplane-engine Crankcase Boring and Tapping Machine 541
Three-way Reaming Machine 703
General-purpose Automatic Drilling Machine .. 789
Three-way Drilling Machine 867
Brake-drums, Nickel Alloy 775
Brake-drums on Milling Machine, Reboring Motor-bus 41
Brake for Cranes and Hoists, Mechanically Operated 311
Brake Rim, Reclaiming a 270
Brake-shoe Adjusters, Milling 690
Brand, R. C., Personal of 956
Brand, W. H., Personal of 560
Brandt Engineering Corporation:
Annealing and Soldering Furnace 797
Brass Balls, Turning Small 182, 603
Brass Cup Casting, Air Chuck for. B. J. Stern. 42
Brass Forging and Hot Pressing 528
Brass, Polishing Paste for Hot. H. L. Kauffman 373
Brazing, Dip or Immersion 717
Brazing, Electric Furnaces for Copper 572
Brazing Furnace, General Electric Continuous Hydrogen 629
Bray, John W., Personal of 80-C
Breech Mechanisms of Large Guns, Machining the. Charles O. Herb 267
Bricka, W. W., Personal of 880-A
Bridgeport Safety Emery Wheel Co., Inc.:
Heavy-duty Knife and Face Grinder 298
British and German Machinery Trade 720-B
British Metal-working Industries, The:
1 60
2 ..... 160-A
3 218
4 292
5 341
6 531
7 618
8 696
9 780
10 860
Broach and Burnishing Tool, Combined. J. E. Fenno 209
Broach for Finishing and Slitting Clamping Hole, Fixture and. H. C. Kline 283
Broaching Machine, American Horizontal Hydraulic 472
Broaching Machines, American Hydraulic 797
Broaching Press, American Vertical 308
"Broadside" Face Milling Machines, Mil-Waukee-Mil 303
Bronze and Babbitt Bearings, Lapping. H. J. Wills 751
Bronze, Bearings of High-lead. Donald A. Hampson 756

Welded Shop Floor Plates, Arc 193
Welded Structural Steel Frames and Bases. A. F. Davis 590
Welder and Electrode-holder, "Fuzon" Arc 150
Welder, Enlarging Holes with a Butt-. H. C. Horn 427
Welder, Federal Flash-butt Barrel 865
Welder for Automobile Mufflers, Taylor-Winfield Butt 312
Welder for Containers or Wide Strips, Thomson Seam 789
Welder for Small Tanks, Lincoln Electronic-Tornado 66
Welder, Lincoln Automatic Tractor Type 231
Welder, Thomson Duplex Spot- 313
Welder, Thomson Portable Spot- 871
Welder with Hydraulic Pressure Device, Thomson Electric 71
Welders, Power Drive Attachment for Thomson Spot- 875
Welders, Taylor-Winfield Projection 707
Welders with Unified Control, Lincoln "Stable-Arc" 952
Welding Cuts Assembling Costs, How Arc. C. M. Taylor 681
Welding Electrode, New High-speed 293
Welding Electrodes, Cement for Water-cooled. 450, 610
Welding Equipment, Westinghouse Arc- 865
Welding Gloves, Oxweld 476
Welding, How a Forge Fire was Spoiled for. B. A. Lee 207
Welding in Production Work, Arc 480
Welding in Production Work, Electric Arc. Frank L. Schlick 350
Welding Laboratory, World's Largest 760
Welding, Lincoln Electrode Holder for Metallic Arc 632
Welding Machine, Bowlus Arc 308
Welding Machines, Acme "Hot Spot" 185
Welding, Machines for Arc 578
Welding Machines, Thomson Electric. 383, 709, 949
Welding, Making Heavy Machine Frames by. C. M. Taylor 816
Welding, Method of Preheating Castings Before 775
Welding Outfit, "Dualarc" Two-operator 552
Welding, Reclaiming a Brake Rim by 270
Welding, Repairing Galvanizing Tank by Arc 133
Welding School, Westinghouse Night 820
Welding Sets, Westinghouse Arc- 229
Welding Society, The American:
Meeting 197, 715
Welding Steel Structures and Machine Parts, Arc-. A. M. Candy 51
Welding, Unique Application of. H. C. Ten Horn 923
Welding When Broken Pieces are Missing, Carbon Paste Facilitates 617
Wendt, Henry W., Obituary of 880-B
West, Charles K., Personal of 480-A
